Stopping the confusion and
 bringing the solutions

MED Solutions

MyO₂ is a specially formulated mineral solution developed by MED Solutions geared towards the active lifestyle. From Running, Cycling, Military, School Related Activities, Swimming, and more; MyO₂ is guaranteed to completely replenish all minerals lost through sweat. While getting your daily physical activity is healthy and encouraged, the heavy loss of electrolytes is unhealthy for your body and detrimental to your life.

The absence of these electrolytes causes abnormalities in the bloodstream, causing either thinning or thickening of the blood, resulting in strokes and heart attacks.

Due to the rise of deaths in outwardly thriving athletes, (ie. High School student athletes, Professional MED Solutions formulated an entirely new formula to specifically replenish the body and prevent deaths cause by mineral deprivation.

Purchase our product, MyO₂ in our main office MED Solutions, or through the online store on our webpage,
